

UNION FAMILIES NEED OUR SUPPORT

AFSCME Local 1110 workers at Illinois State University are on strike for fair pay and respect on the job. These building, grounds, and dining workers keep the campus running, and they've been **holding the line** for weeks while negotiations remain stalled.

The Livingston & McLean Counties Building Trades Council is standing in solidarity with **AFSCME Local 1110** and organizing a canned food drive to support striking families.
